Leadership/Scholarship Opportunities

With the start of the new school year, the Broward League of Cities is proud to announce two opportunities for students interested in public service, government and civic responsibility: the Student Ambassador program and the Scholarship for Government Studies.

Student Ambassador Program

The Student Ambassador program is open to high school juniors who plan to pursue a career in public administration, political science or other government-related field. Four students, representing each quadrant of the county, are selected for a two-year term, during which they attend Broward League of Cities general membership meetings, board of directors meetings and other functions pertaining to the operation of the Broward League. Under the tutelage of the League's Education Committee, students have the opportunity to meet with elected officials and learn the intricacies of governing at the municipal level.

In order to be eligible for the Student Ambassador program, students must be residents of Broward County and attend a Broward County public or charter school. Applications are due by Nov. 18.

Scholarship for Government Studies

The Broward League also offers scholarships to outstanding high school seniors who plan to attend a college or university to pursue a major in public administration, political science or other government-related field. The Scholarship for Government Studies awards \$1,000 each to four students, one from each quadrant of the county in an effort to provide valuable financial support to the future leaders of Broward County.

In order to be eligible for the Scholarship for Government Studies, students must be residents of Broward County and attend a Broward County public or charter school. Applications are due by Feb. 10.

Applications for both programs are available on the Broward League of Cities website.
